

Brazen Brilliance

Renée Kuntz

mtfingers@bresnan.net

Supplies:

White glossy cardstock
Background stamp (or any small stamp that can be used to create a background)
Stamp for main image
Brilliance ink in lighter color (I like Platinum Planet; pearlescent ones work well, too)
2-3 colors of dye ink
Black ink (or other dark color)
Stipple brush(es)
Heat tool (optional)

Technique:

Using Brilliance ink, create a background on glossy cardstock. Set aside to dry or dry with heat tool. Once dry, stipple with lightest color first, then next darker, then darkest, covering all white areas. Ink your main image with black/dark color and stamp over background you created earlier. Adhere to card and embellish as desired.
