

Crinkled Inks

denise@raniogroup.net

Very easy to create.

Take a piece of Saran Wrap and bunch it up. Let Saran Wrap relax a little. Lay the piece of wrap on your ink pad and press it. Lift off and place on cardstock and gently pat it. Start with lighter color ink and move into a darker color ink. I used SU Classic Certainly Celery and Green Galore. Allow to dry.

I think it looks neat, somewhat like worn leather.
