

Faux Batik

Maude

rainbowartcards@msn.com

white or light colored cardstock
stamp of choice
embossing ink
clear embossing powder
inks (can use pads, sprays, roll-ons)
heat gun
white paper towel or plain white paper
iron

Using embossing ink, stamp as desired on cs (cardstock).
Emboss. Apply ink all over the cs through stippling, dtp, spritzing, etc. Place cs on a paper bag to protect your ironing board; cover with the white paper towel and iron until you see the embossing powder being absorbed by the paper towel. Keep rotating the paper towel to use clean areas and continue until all of the embossing powder has been absorbed off of the cs.
