

## **Paper Ribbon**

Velda Suter

[suter@mesquiteweb.com](mailto:suter@mesquiteweb.com)

Cut strip of paper (I like vellum or parchment) 1 ½” wide.

Use border punches to punch design along both edges of strip of paper.

You can make them symmetrical or stagger them.

Check the back of punch for placement.

Use as is to embellish cards or stamp a message in the center – between punched borders. If you need a wider piece, cut strip 1 ¾” or 2” wide.
