

Polished Stone Framing Technique

Hanni Van Ziel

hanni@ameritech.net

Supplies needed:

gold leafing pen

alcohol inks, several colors

applicator with felt pads

glossy cardstock

eyedropper

rubbing alcohol or blending solution

stamps of your choice

black permanent inkpad

Instructions:

Scatter dots of gold leafing ink over glossy card stock.

Before this dries apply several colors of alcohol ink in random fashion on glossy cardstock until cardstock is completely covered.

Before this dries fill eyedropper with rubbing alcohol and drop several drops onto card stock and watch frame appear.

The more drops the bigger the frame.

Let this dry.

Using black permanent ink and stamp your image in the center of the created frame.

This technique needs some practice before achieving desired results.
