## **Instruction**

1. On watercolor paper stamp the image(s) with Versamark or pigment ink, clear emboss.
2. Using wide brush, brushing water over the stamped paper. Working quickly, dab watercolors and let them spread. Make sure that you don't mix the colors. It will muddy color.
3. Let dry
4. Prepare iron with high heat. Cover the stamped, colored paper with copy or text weight paper (note: don't used newspaper, the image from newspaper will be transferred), iron over them. The embossed line will be removed in this state. Option, you may use a tip of cutter to remove the embossed line as well.
5. If the paper curls, insert it in a heavy phone book over night. It will be flattened.
6. Mount it onto your card.
